CATHOLIC YOUTH FORM TWO GROUPS IN BAY ST. LOUIS FOR FUTURE

Meeting Monday Night Clarifies Subject of Organization And Future Procedure—Senior and Junior Groups—To Be Known Natchez Catholic Youth Organization

The first business meeting of the newly organized Catholic Youth group was held on Monday night at the Knights of Columbus Hall on Main street with seventy-five young people in attendance, and the newly elected officers, Mark Solomon, president, Vivian Telhiad, treasurer, and Joseph di Benedetto, secretary, serving in their respective offices.

Rev. Father Fahey, spiritual director, was present and opened the meeting with prayer and the singing of "My Country 'Tis of Thee" and "Alden Mauffray and Arthur A. Scafide, organization spoke on purliamentary law and gave the young people some instruction on the manner of properly conducting their meetings.

Mrs. Arthur A. Scafide and Mrs. G. F. Stevenson were in attendance as representatives of the National Council of Catholic Women who will assist the young people in every way possible.

Joseph di Benedetto read the constitutional laws governing all organizations of the Catholic Youth and stated the correct name of the organization would be the Natchez Catholic Youth Organization.

Two Separate Groups to Be Formed.

A lengthy discussion was held on whether or not to divide the young people into two separate groups because of the variety of ages of the members, and upon a motion duly made and seconded, it was voted and agreed upon that two separate groups be formed, one to be composed of members of the high school age up and through the twelfth grade which would be known as the Junior Catholic Youth Organization, and another group composed of all those young persons out of school who would form the Senior Catholic Youth Organization. Both organizations would meet on the second and fourth Monday evenings of each month in the Knights of Columbus Hall in separate divisions of the Hall, and each holding its own meeting with its own officers. For this reason, officers will have to be elected for the new Junior Group.

Plans For Recreation Features.

Several new and interesting features have been planned for the future with a swimming party in one of the large private pools, and interesting athletic and educational activities listed as soon as the organizations have been completed, their election of officers and appointing of committees, and all young people who have not yet joined, are urged to join at once.

ANNUAL HEALTH ROUND-UP

Held Last Friday at Central School — Eighty-Five Children Examined.

The annual Health Round-up of at Central High School on last Friday, June 21, under the sponsorship of the Parent-Teachers Association of Bay High School, and was considered the most successful round-up ever held by the Association.

Eighty-five children underwent physical examinations by Dr. Kotz Allen, of New Orleans, Eye, Ear Nose and Throat specialist prominent in the South for years, and with the local doctors, namely Dr. Alvah P. Smith, Dr. Marion J. Wolfe, Dr. C. M. Shipp ably assisting and generously offering their services in this good work.

Dr. Charles Bloom, child specialist of New Orleans, who annually takes prominent part in the round-up, was unable to be here.

Members of the Parent-Teacher Association assisting were Mesdames W. S. Speer, Leo Seal, J. T. Wolfe, A. Howze, A. P. Smith and Roland Weston.

The doctors attending expressed a great deal of satisfaction over the greatly improved condition of a number of children whose histories and cases they have been enabled through this round-up to follow, and upon whose recommendations and findings numbers of children have been saved from severe trouble in later life.

PARTY ENJOYS MOTOR TRIP.

A party of young people enjoyed quite an interesting motor trip last Sunday, when Mr. and Mrs. L. J. Weinberg and son, L. J. Jr., accompanied by Messrs. Jos. di Benedetto, Fred Fayard, Jr., Manuel Perre, and Misses Esta Mary Buckley and Adelaide Heitzman motored first to Bay Springs, Miss., where they visited at the family home of Miss Buckley, and then on to Jackson and Whitfield, Miss., returning by way of Hattiesburg, making altogether a very enjoyable and interesting outing.

Interest In Catholic Church Fair Continues; Success Seems Assured.

The Rev. Father Fahey, general chairman for the forthcoming Catholic church fair to be held on Saturday and Sunday, July 6-7, on the front grounds church Our Lady of the Gulf, reports progress in every endeavor. The fair, says Father Fahey, should exceed all previous efforts. The public in general seems more interested and there is every indication that the fair will be one big event of unbounded success.

By way of correction, The Echo stated that in "Father LeDuc's time it was very simple matter to realize sums over three hundred dollars." Of course the average and older readers know thousands of dollars was intended for hundreds. The sum of three hundred dollars and more were frequently realized by a single booth.

SCHARFF OPENS NEW STORE BLDG

Celebrating Ninth Anniversary—Structure Strictly Up to Date—Stock New And Fresh.

Keeping fully abreast with the times and in tune with the air of progress that pervades the very atmosphere of the city, with new enterprises and buildings noted on every side, Joseph R. Scharff, proprietor of Scharff's Quality Food Store, opens this week-end in his new building.

This is his 9th anniversary, coming here from Memphis, Tenn., and establishing for himself a business that has well taken front rank in mercantile enterprise of this section.

The new building, corner of Main and Tenth streets, on the site of the former store, measures 30 x 70, and on side of the walls are flanked streamlined shelving, carrying full supply of fresh staple and fancy groceries.

The Scharff business outgrowing its former quarters, Mr. Raoul Telhiard owner of the building, agreed to build an entirely new structure, one larger than that formerly of the newest type. One of the improvements of the building is that it will be equipped with two ceiling cooling systems, both with fan blades of 36 inches each, and will be set in the left. For practically a half-century the corner was known as Gardebled's Drug Store.

C. L. Reab, local contractor and builder, designed and constructed the building and made a fine job of tearing down the old store and building a new one without interrupting business.

A. Benvenuti, Bay Plumbing Company had the contract for plumbing and Edward Heitzman for electric wiring.

A feature of the new stock is the refrigerated case carrying almost anything in the entire line. Squabs frozen and ready to cook and corn the cob and almost anything and everything in the line of fruits and vegetables, birds and other delicacies. This is a high feature in foods, offering in and out of season that which palate craves.

In addition to this Mr. Scharff carries all the other popular and standard brands and there is hardly anything in the line of a first-class quality food store that he does not carry.

The shelves are streamlined and arranged so as to offer convenience to the customer. No stooping lower than 10 inches from the floor. The edges of the lower shelves come outward and slant upward. This way prices and goods are discernible plainly and labels easily read.

Such a store is quite an acquisition to the city and Mr. Scharff is to be complimented both on his enterprise and success. Such effort is certainly deserving of recognition. The ninth anniversary is an event. A full page advertisement carries a list of goods and bargains, and also announces novelties. The store will give away twenty-five baskets of groceries.

Special Sermon At St. Joseph Church, Pearlington, Sunday.

In an interview Wednesday, Father Victor C. S. C. said that it is high time for America to awake to the real peril to our nation, and that he will deliver a special sermon, "The State of Our Nation at the eight-thirty (8:30) Mass next Sunday in Pearlington. Hitler is teaching too many lessons for the American public to miss. At the present, propaganda has blinded the American people to the terror and doom that awaits them. Father promises that he will hold no punches and that every word will be straight from the shoulder. Don't miss it.

WALLER TAKES OATH

Saturday as New Florida Judge—90-Year-old Mother Looks On As Son Becomes Jurist.

Curtis Longino Waller's 90-year-old mother looked on Saturday with members of his family and scores of attorneys and court officials as he achieved the ambition of almost every lawyer by becoming a federal district judge, says Sunday morning's Tallahassee (Fla.) News Democrat.

Mrs. Clara Longino Waller came there from Prentiss, Miss., to attend the impressive ceremonies in federal court to install the 53-year-old, Mississippi-born lawyer as Florida's fifth federal judge.

Three of Florida's other four judges were present to welcome their new colleague—the first member of the federal judiciary to maintain his residence there.

Judge Louie W. Strum of Jacksonville presided over the formal ceremonies on the bench with Judge A. V. Long of Gainesville and Judge John W. Holland of Miami. Judge William J. Barker of Bartow was unable to be present.

Judge Strum was serving as a supreme court justice here several years ago when he was named to the federal bench and shortly afterward moved to Jacksonville.

Oath Administered.

The oath of office was administered by W. Logan Hill of Pensacola, clerk of court in the north Florida district, who also presented Waller with the formal commission of appointment from President Franklin D. Roosevelt.

A Tallahassee bar association committee escorted Waller into the court room for the ceremony. They are, Guyte P. McCord, W. T. Moore, Julius F. Parker and Julian Alford. Numerous lawyers—several former partners of the new judge—praised Waller in brief addresses. He responded:

"It is difficult to find words to depict the emotions which I am experiencing."

FRED G. NORTH, WORLD WAR VETERAN, DIES IN FLORIDA

Remains Transferred to Bay St. Louis for Burial at Cedar Rest Thursday.

Fred G. North, world-war veteran who resided on Julia street, died on Tuesday, June 23rd at the Veteran's Administration in Lake City, Florida, where he was taken some time ago.

Mr. North had seen active service in France and had been gassed and for years had been ill from the effects, and had lived quietly with his wife, the former Rita D. Damborino, at his home on Julia street. He was forty-five years of age and had been honorably retired on pension.

He was a private in Company F, 806 Ammunition, 82nd (wildcat) division. He was wounded and gassed in six major battles, including Chateau Thierry and Battle of Argonne Forest, where he was severely wounded by shrapnel, after which he was sent back to the States, and from which injuries his final passing is attributed.

The remains arrived from Florida on Wednesday and burial was held from the Fahey funeral home on Union street on Thursday at 4 P. M., with services by the Rev. A. J. Boyle, pastor of the Methodist Church, and interment in Cedar Rest Cemetery.

Mr. North having resided here a number of years, at Cedar Point, was well and widely known locally.

LOCAL SHOWING OF NOTABLE FILM.

A. & G. Theater, Bay St. Louis, announces showing of the film, "Rebecca," three evenings, beginning Sunday, at no advance in prices. No one will want to miss this impressive romance, starring Laurence Olivier and Joan Fontaine. The days are Sunday, Monday and Tuesday, June 30 and July 1 and 2.

R. OF C. TO INSTALL.

Bay St. Louis Council, Knights of Columbus, will install their recently-elected officers on the evening of Monday, July 1, at 8 o'clock. Following the ceremony and meeting members of the council will enjoy the annual supper that follows.

Nine Months To Go Before Completion Of Addition Central School.

Work on the new 8-room addition to Bay St. Louis Central School, has begun under favorable circumstances. Concrete foundations have "settled" and work of brick walls is in progress. This is a W. P. A. Project and will take longer to construct to completion than P. W. A., since so much work may be done within a given time—the idea being to give employment to the unemployed over as long a period as possible. It is estimated the work will be finished within 9 months, according to the architects, Smith & Norwood, who are also supervising the work. It will be quite an addition to the building and a boost to the neighborhood in values. The Central school is the largest in the city and combines both grammar grades and high school work.

VICTOR C. CUEVAS PASSES ON

Member Prominent Family Of County Was Victim Heart Ailment.

Victor C. Cuevas, native of Fenton, Hancock county, aged 57 years, passed away at his residence on Wednesday, June 26, 1940, at 4:30 o'clock P. M.

He was a son of the late Cyril Cuevas and the late Elizabeth Dubuisson, husband of Rosa Braggne, father of Ulysses Cuevas, brother of George A. Cuevas of Fenton, Mrs. A. A. Kergosien of Bay St. Louis and also of the late Will A. Cuevas. He was an uncle of Horace L. Kergosien, sheriff of Hancock county.

Mr. Cuevas was well-known locally and over the county, a scion of one of the oldest and most prominent families of the Gulf Coast. He moved to Bay St. Louis about 20 years ago and has made his home here ever since, engaged in various business enterprises. His passing removes an active and successful citizen.

Funeral ceremony took place Thursday afternoon at 3 o'clock from the residence of his sister, Mrs. A. A. Kergosien, 134 Carroll avenue; interment in St. Mary's Cemetery with full ceremony of the Catholic Church.

Mr. Cuevas had been ill a long while with a heart ailment, spending the past four months in bed. His death is widely regretted and the family have the sympathy of the entire community.

RED CROSS SECOND APPEAL FOR DOUBLE QUOTA IN HANCOCK CO.

For Funds From Hancock County—Original Quota of Six Hundred Dollars Must Be Doubled.

CHURCH HEADS VISIT

High Executive of Methodist Arrives in Bay St. Louis—At Diehlman Center.

Sunday morning Rev. and Mrs. Andrew J. Boyles had as their guests for breakfast Bishop Paul B. Kern, president of the General Board of Christian Education of the Methodist Church, and also Dr. Paul Worley, Executive Director of the Youth Crusade and his bride of a few weeks, all of Nashville, Tenn. Bishop Kern, who is the chairman of the Youth Crusade Movement, arrived in Bay St. Louis Sunday morning on the train to conduct the religious services Sunday at the Caravan camp at Diehlman Evangelical Center, where a group of seventy-five young people are in special training for leadership work in a ten-days' course. They will leave in thirteen caravans in groups of five each to cover the work in Methodist Churches in the states of Louisiana, Mississippi, Alabama, Florida, Georgia and Tennessee. These students registered here are from the following states: New York, Kentucky, Texas, Alabama, Louisiana, New Mexico, Georgia, West Virginia, Florida, Missouri, Tennessee, South Carolina and Mississippi.

REMAINS OF WIFE NOW LIES BESIDES THAT OF YOUNG HUSBAND

Remains of Mrs. Adolph Schreck Transferred From New Orleans.

The remains of Mrs. Adolph Schreck, the former Gladys Spear, who died in New Orleans some months ago and was buried there, were transferred from the temporary grave and on last Monday afternoon arrived via Louisville & Nashville Railroad and were interred here in a grave besides the body of her husband, Adolph Schreck. The Rev. W. S. Allen, pastor of the Bay St. Louis Baptist Church, read several prayers upon the closing of the grave, and offered the consoling thought to the family and relatives that the knowledge of the burial of the two young persons in the one grave in hallowed ground of the cemetery of their home town, and where more frequent visits could be made, should, with time, assuage their grief and help them to bear the loss of these two dear departed more easily.

In a letter dated June 19th from the American Red Cross National Headquarters at Washington, D. C., an excerpt reads:

"The six or seven million refugees in France constitutes the most terrific calamity in the history of the world. The suffering is indescribable.

The Red Cross will find a way to reach them as it did in Poland and elsewhere.

England's need impends! The \$20,000,000 being sought for immediate relief is all too little for the need and comparatively, \$600,000—the quota for this Chapter is small indeed.

With the daily change of events and France's surrender since only last week, the great need has multiplied because of the evacuation of military and civilian hospitals and the loss of important quantities of surgical instruments and other hospital supplies have aggravated the misery of the French and English people. Although the civil and military health authorities are performing excellent work in the midst of the great confusion existing in France today, the Red Cross answered the plea for immediate shipment of supplies by the transfer of one hundred and twenty-five pounds of vital life-saving serums two hours after the cable request, by clipper plane and several complete hospital units, equipped with the latest medical equipment, are even now on their way to France aboard the SS McKeesport. Red Cross "Mercy Ship" which was scheduled to reach Bilbao, Spain, about June 29th.

The Hancock County Chapter of the American Red Cross is making an ardent appeal to everyone to come forward and make their donations so that we may reach our prescribed quota by July 4th—the time allocated—and begins its list of Red Cross donations below.

Mrs. Virginia Carver Dies at Bay St. Louis Hospital Thursday.

Mrs. Virginia Carver, aged 31, died at the local King's Daughters' hospital Thursday morning of last week, after a brief illness. She was the wife of Oswald Carver, of Bay St. Louis, and the daughter of Mr. and Mrs. Sylvus Luxich of Bayou LaCrosse, Louisiana.

She was buried Friday afternoon at 5 o'clock with services by the Rev. Leo F. Fahey, at Bayou LaCrosse church and burial in the cemetery at that place.

HOME DEMONSTRATION AGENT PRESSES NEED OF HOME-GROWN GARDENS

Says European Conflict Will Indirectly Affect Prices Of Produce—Time to Begin Thinking of Fall and Winter Gardens—Rules to Follow.

The present European conflict will probably have an indirect effect on the food supplies, and the people of Mississippi and Hancock county will need good year round gardens, milk cows and a producing poultry flock even more than they have for the last few years of depression.

Now is the time to begin planning for the fall and winter garden. From the spring and summer garden products are being canned by the progressive housewife and mother so that her family will have the right foods during the winter months.

The following are rules that give excellent results in vegetables and fruit canning:

1. Have all equipment to be used ready and in place. Don't have to hunt or borrow at the last minute.
2. Gather fresh raw products are to be canned.
3. Gather carefully to prevent bruising or breaking skins. Mold and bacteria may defeat the canner before she starts.
4. Sort into piles according to size and maturity—this is important in keeping qualities and flavor.
5. Wash carefully to remove foreign matter.

6. Prepare quickly and in sufficient quantities for only one cooking—this is very important as products heated or peeled and left to set for hours will lose their fresh flavor, lose their fresh color, cook into pieces, and sometimes get a tasteless quality known as "flat sour."

7. Follow latest method directions for pre-cooking, as the Dept. of Agriculture has made tests to find the time and temperature that will give best results where the foregoing rules have been observed.

8. Do not expect underripe or overripe fruits or vegetables to make first quality products.

9. Process immediately the products that have been prepared and pre-cooked.

10. If products are packed boiling hot, seal immediately.

11. If products are packed cold, heat then seal.

12. Cool products in tin cans as quickly as possible after processing is finished.

Of course glass jars will break if cooled too quickly but they should not be set close to other jars as this delays cooling.

HANCOCK COUNTY RED CROSS WORKERS HAVE BEGUN ACTUAL SEWING

Meeting of Local Chapter Monday Reveals Fine Spirit And Willingness and Readiness to Go to Work—Mrs. (Mayor) Blaize Calls for Volunteers.

At a meeting of the local Chapter of the American Red Cross held on Monday afternoon at 3 o'clock in the Courthouse the following ladies were present: Mrs. Geo. R. Rea, Mrs. G. Y. Blaize, Miss Margaret Green, Mrs. A. Kenner, Mrs. J. H. Thompson, Mrs. Laurent Dickson, Mrs. C. F. Jenkins, Mrs. Ethel McCoy, Mrs. E. Weston and Mrs. G. F. Stevenson.

It became necessary to change the location of the Production Room from the courthouse, and same will henceforth be in the school building, rear Our Lady of the Gulf Church, on the grounds of St. Joseph Academy, and the first actual sewing began there on Tuesday afternoon.

Mrs. Blaize Calls for Volunteers.

Mrs. Blaize asked at this meeting for volunteers to offer an afternoon or morning, or more time, if possible, each week for sewing of garments and arrangements were made for each of the ladies to sew on different days with members of the Production Room Committee in charge.

With the arrival of yarn for knitting expected daily, it was arranged to have knitting begin as soon as material is received and Mrs. Jenkins and Mrs. Thompson will be in

charge of the groups who volunteer for this work.

Workers in the sewing classes are earnestly urged to offer their assistance as garments are cut and as soon as more funds are available, other garments will be ready for sewing.

The use of sewing machines added to the two which are on hand will greatly facilitate and expedite matters and anyone volunteering the use of a machine will render valuable assistance and be assured of excellent care and return of the sewing machine.

All persons having miscellaneous buttons and trimmings for garments who are willing to donate same may notify Mrs. Blaize, and if it is not possible to deliver same, they will be called for.

Keno Benefit Party.

On Monday night there will be a benefit keno party at the Knocks-Knocks Club which Mr. and Mrs. Trapani have generously donated in order to assist in raising funds and everyone is asked to attend, and endeavor to form parties to attend.

While it will be attempted to raise the quota for July 4th, donations will be accepted after the date as the National Headquarters have not placed a rigid deadline or time limit and everyone is urged to assist in any way possible.

AMERICAN REPUBLICS STUDY FARMING.

WHILE each of the twenty-one American republics have national agricultural societies there has been no central organization to consider mutual problems until the formation of the American Society of Agricultural Scientists in Washington.

The association came into being during the recent session of the American Scientific Congress held in Washington last month. It recommended that surveys be made to determine what new non-competitive tropical products may be grown in Latin-American republics for sale in the United States.

While the farmers in the United States have been told a lot about chemurgic progress there is no quick relief in sight for the ill of agriculture through the development of new uses for our farm products. The discovery of a product widely used in the United States, which can be successfully grown in some of the other tropical republics, will not only provide the nation with a safer source of the raw material but will also tend to prevent the growth of competitive crops in the other country.

UTILITIES DOING VERY WELL.

A FEW years ago, the cry was loud in the land that the public utilities were being "cut to pieces" by the policies of the Roosevelt Administration.

It may be interesting to point out that C. W. Kellogg, president of the Edison Electric Institute, says that in the twelve months just ended, generation and sales of electricity and operating revenues attained all-time high records, with generation exceeding the previous high of last year by twelve per cent and operating revenue exceeding last year's high by seven and one-half per cent.

Obviously, the public utilities are not being starved to death in the United States, regardless of the loud laments and prolonged mournings that greeted the passage of certain New Deal legislation.

U. S. DRAFT BILL.

SENATOR Burke (D-Neb) has introduced a universal draft bill calling for selective compulsory military training.

Registration of all men between 18 and 65 would be required. Those between 21 and 45 would be liable for training and service in land and naval forces. Those between 18 and 21 and between 45 and 65 would be liable for training and service in home defense units.

The bill has not yet been voted but President Roosevelt is firm in his opinion that it will pass both branches of the house. The President is author of the idea and the administration will give it support.

NOT FOR WAR USE ONLY.

THE idea that patriotism and loyalty are war products, to be used only in case of a national emergency, is too prevalent throughout the land.

Much the same observation applies to the average American's conception of freedom. It is a thing to be enjoyed, to be taken advantage of and a means of more money for less work. It is seldom recognized as a priceless possession to be preserved by fidelity to the principles of free government in times of peace.

BEN STEVENS FINE FELLOW, BUT—

CHANCELLOR Ben Stevens, who is a fine fellow and a good jurist, has announced for Congress in the sixth district. If it is exercise and the pleasure of making some speeches, says the Jackson News, Ben is after he will get both, but his prospects of capturing a seat in Congress are rather too remote for serious consideration.

SENATORIAL FIGHT THIS SUMMER.

THE West Point Leader-Herald is of the opinion that in the senatorial fight this summer much of the present state administration's doings will be injected. For Governor Johnson will be behind Senator Bilbo and against Hugh White. . . and thus the fight in Mississippi may prove to be a Paul Johnson and anti-Paul Johnson affair as much as it is a Bilbo and White contest.

Adequate defense is an elastic term; just now it means army, navy and more planes.

Just because men are being killed in Europe is no excuse for taking chances on the highways.

There are exceptions, but the best people in most places are the ones who support the churches.

Advertising is a business-maker in large cities; it is likewise a business-builder in Bay St. Louis when wisely and intelligently utilized.

Germany is powerful because every German works for the common goal; the United States must have the loyal support of every citizen to remain powerful.

There are some men who never learn that a pretty girl will sometimes smile, even looking them in the eyes, without meaning anything at all.

THE SEXES, WEATHER AND CLOTHES.

MEN who find the heat of summer disagreeable and complain of the hot weather, should be reminded that women dress much more sensibly in the summer than men and, consequently, do not suffer as much from the hot weather.

It may comfort the men to know, however, that in winter, the matter is reversed. In cold weather men dress more sensibly than women and thus do not suffer from the low temperatures which cause complaints from women.

The fact of the matter is that investigation discloses that women, as a rule, wear clothes weighing one-third less than that worn by men. In the summer this works for comfort, but in the winter it fails. As a result of the difference in clothes worn by men and women, air-conditioning engineers are unable to cool public places to a degree which is comfortable to both men and women. If it is cool enough to suit the men, it is too cold for the women in their lighter clothing. In winter, on the other hand, if a place is heated enough to keep women comfortable, it is usually warm for men.

As this is the summertime, with men beginning to complain of the heat, it might be a good idea to advise the male specimens to dress themselves more sensibly for the weather. There is no law against adjusting one's clothing to suit the temperature, and, incidentally, the use of light cotton clothing would prove helpful to the farmers of this nation.

DEDICATE YOURSELF ON THE 4TH.

THE Declaration of Independence was passed by the Continental Congress on July 4, 1776, but the historic document was not actually signed until later.

Now, after many years the people of the United States appreciate the significance of the action taken many years ago, when the delegates of the colonies went on record in favor of the proposition that all men "are endowed with certain inalienable rights" and that "among these are life, liberty and the pursuit of happiness."

The rights of the individual, so long accepted by the world, are now under challenge from those who do not agree with our famous declaration that governments derive "their just powers from the consent of the governed."

The world of 1940 is far removed from that of 1776 but, in one respect, there is little difference. Again the liberty of men requires courageous action on the part of liberty-loving people. The rights of man are being questioned by planes, guns and motorized equipment upon the fields of Europe and there is little assurance that the issue will not be joined in the Western Hemisphere.

In this editorial The Echo urges all readers to take time enough to read carefully the Declaration of Independence. July 4th, the anniversary of its passage, is a good day to dedicate to the ceremony. Afterwards, inspired to support the ideals of freedom, may we not, as Americans, "pledge to each other our lives, our fortunes, and our sacred honor."

MAKING NEW BLOOD.

IT is almost impossible to keep up with the doctors and scientists as they continue their intelligent fight against disease and devise new methods for the treatment of afflicted individuals.

The American Medical Association recently held its annual convention in New York and exhibited some of the results of leading research workers in medicine all over the United States. One of these was designed to introduce germ-destroying, health-stimulating ultra-violet rays, unable to penetrate the skin sufficiently to affect the bloodstream or internal tissues, can circulate through the entire system and act like an "internal sun" upon sick tissues and destroy fatal bacteria in the bloodstream.

As we understand the process, which was tried on a human patient in 1932, a small sample of blood is withdrawn from a vein and exposed for a short time to ultra-violet rays. Then the blood is reintroduced into the patient, drop by drop, to get in its work in toxic and septic cases. The treated blood is said to increase the ability of the patient's blood to take up oxygen, which is highly important in combating disease.

The process of revitalizing blood by taking it from the human body and treating it may mark a striking advance in the combat against disease. Just as we drain used oil out of automobiles and introduce the new oil in order that the engine will function properly so, in future, medical experts may renovate the blood of a patient and restore to the body health-making and disease-killing fluid.

SEND WASHINGTON THE NEWS.

THE people in a representative democracy have not only the right, but the duty, to advise their representatives of their opinions and desires in regards to questions before them for decision.

Consequently, they should not hesitate to write letters or send telegrams to senators and representatives in regards to decisions to be made in regards to the attitude of this nation toward the war in Europe.

For example, just now, the nation is fast swapping a neutrality position for one of non-belligerency. This is a fateful decision. It means if it has any meaning, that the people of this country are ready to play their cards on the side of the Allied nations and against the Germans and Italians.

There are individuals who disagree with this policy. They should let their congressmen know what they think. Other citizens who favor all steps, "short of war," to assist the fighting democracies, should also express their views in messages to their representatives.

MIKE CONNER CONSISTENTLY ANTI-BILBO.

AMONG those who will not be found supporting Bilbo this year is Ex-Gov. Mike Conner. He has an unbroken record of opposing Bilbo. The Jackson News says "this is much to his credit."

Hollywood Notes.

WITH the press, the radio and more and more with talk of the war, it is not surprising that people are not paying their money to see films which bring the horrors they read and hear about so much so vividly to their eyes. Therefore, the movie-going public is demanding lighter, brighter films, boycotting those which deal with depressing, too realistic themes.

Horse operas, as Western pictures are usually termed, are becoming more popular than ever and more and more talented players are appearing in such stories. Fast action, coupled with stories which have good moral lessons, appeal to quite a large following of movie fans other than children who have always been devotees of "cowboy and injun" pictures.

"Wagons Westward," a more pretentious Western than most, is being filmed with such actors and actresses as Chester Morris, Anita Louise, Ora Munson and Buck Jones in the cast.

Gary Cooper is also appearing in a "horse opera" this one to be called "The Westerner."

Another picture with a Western story and locale soon to be released is that based on the life story of "Kit Carson."

Deanna Durbin's eighth picture is to be her first costume and period picture, under the title, "Spring Parade." It is hoped that the public will like this idea as much as they have her other seven, all of which were huge box office successes.

Although William Powell is a great success as "The Thin Man," he recently asked his studio for a long vacation before beginning another picture because "he was losing too much weight." Apparently a thin man can get too thin.

Bette Davis plans to take a whole year off from Hollywood, beginning around next January 1st to organize and lead a repertory company, all about the country and, maybe, into Canada. Her studio has given its consent to the idea, provided she finishes her two scheduled pictures which includes "The Letter."

The cast and production crew of the picture "Brigham Young," had to mark time for two weeks while awaiting the birth of a colt, which was a very important event in the picture.

Since the retirement of Shirley Temple, her studio, Twentieth Century-Fox has been on the lookout for another "miracle" child to take her place. They believe they have found one in Ann Todd, who appeared in support of Shirley in "The Blue Bird." She is to be starred in several films originally bought with Shirley in mind.

Gloria Jean, another juvenile who has made good before the cameras and microphone, is to sing the first song ever filmed in sound, "Eli, Eli," as one of her five numbers in "A Little Bit of Heaven." The song, a Jewish religious classic, was first sung on the screen by Al Jolson in "The Jazz Singer."

Although Melvyn Douglas is the first actor ever to be selected as delegate to a presidential convention, he may not have the pleasure of attending. The shooting of "He Stayed for Breakfast," may keep him in Hollywood after July 15 and prevent his attending the Democratic Convention in Chicago.

Paramount is planning to film, "There's Magic in Music," Andrew Stone's photo-drama, and has signed Richard Bonelli and Ira Petina of the Metropolitan Opera for parts in the picture.

Charles Laughton, his wife, Elsa Lanchester and Lucille Ball, will appear in "Mr. Pinky," formerly known as "Half a Rogue."

NEW 1940 HUNTING SCHEDULE

Regulations of State Game And Fish Commission Prescribing Open Seasons on Wild Game..

According to County Game Warden Randolph Bourgeois the State Game and Fish Commission has issued a regulation regarding the hunting season for next year and prescribing the open seasons on birds, game and fur-bearing animals. The regulation is partly reproduced below.

Game Warden Bourgeois also announces that he has received the new fishing licenses for 1940-41, which are good for one year and are now available. The licenses are for resident, non-resident and family folks. It is necessary to have a license to fish for fresh water fish with fly rod or casting tackle and urges those expecting to enjoy this sport to secure a license to prevent embarrassment or penalty.

In order to replenish game in this section Warden Bourgeois let loose one hundred pair of quail and also a pair of deer. He is active and highly efficient and his work will be productive of much success.

A regulation of the State Game and Fish Commission prescribing open seasons on certain species of game birds, game animals and fur-bearing animals in Mississippi.

Section 1. Be it ordered by the State Game and Fish Commission that in accordance with house Bill No. 397 of the Legislature of 1940, as approved May 10, 1940, the State of Mississippi is divided into five zones, for the fixing of the squirrel season, including South Mississippi to be comprised of the following counties: Franklin, Lincoln, Lawrence, Jefferson Davis, Covington, Jones, Wayne, Amite, Pike, Walthall, Marion, Lamar, Forrest, Perry, Greene, Pearl River, Stone, George, Hancock, Harrison and Jackson.

That the open season on squirrels in the Southern Mississippi zone shall be as follows:

South Mississippi Zone—November 1 to December 30, each date inclusive.

Section 2. That the open season on quail in all counties of Mississippi shall be from December 10 to

perceiving on this occasion. I see before me many friendly faces of those who have come this morning to wish me Godspeed in my journey over the judicial seas. I have heard so many words of friendship and good will spoken that I stand before you in humble gratitude, with a faltering tongue in an effort to express my gratitude.

"I am not insensible to the responsibilities that go with the position with which I am honored today. To the end that I may uniformly administer justice under the law I ask your indulgence, your sympathetic assistance and your prayers."

Chief Justice Speaks
After the installation services, Waller was honor guest at a luncheon at Wakulla Springs Lodge. Chief Justice Glenn Terrell of the Florida supreme court spoke briefly at the luncheon.

Waller commented that "The responsibilities of the court were never greater. In these dark days of dictators, despots and destruction, the courts of America must be so conducted as to inspire confidence in the citizen that his right to life, liberty and the pursuit of happiness will be secure against judicial usurpation."

"Let the citizens know," he continued, "that if ever the people and the public officers shall depart from the constitution and desert the ship of state, the last glimpse that will be caught of organized government will be the judiciary. At all times, direct, still speaking the law with an even mind, dispensing justice with an even hand, sitting serene and unmoved, above the influence of the storm and tempest."

Other members of the family who attended ceremonies include, Dr. B. S. Waller of Silver Creek, Miss., brother of the judge; Mr. and Mrs. William Waller of Ocala; Leon Tyrone of Prentiss, Miss.; Mary Nell Waller and Walter Gex, former partner, of Bay St. Louis, Miss.

Named by FDR.

Judge Waller will maintain his "roving judgeship" with jurisdiction over the northern and southern districts of Florida by President Roosevelt and the appointment was confirmed by the senate.

Judge Waller will maintain his Tallahassee residence on Williams street and will have offices in the postoffice building.

A nephew of former Governor A. H. Longino of Mississippi, Waller served in the house of representatives there and later as Congressman Pat Harrison's secretary before Harrison went to the senate.

He was graduated from Millsaps and Mississippi colleges. He was a World War veteran and one time commander of Claude L. Sauls post, American Legion.

The new judge was a law partner of Claude Pepper from 1930 until he went to the U. S. Senate in 1937. He was senior member of the local firm, Waller and Meginniss.

He is a member of the Baptist church. Waller married the former Miss Lucy McGinn of Mississippi and they have one daughter, Mary Ann Waller.

Section 8. That it shall be lawful to run Fox with hounds only in all counties of Mississippi at all times until further ordered by this commission.

Section 9. That the season on other species of game birds, animals and fur-animals not mentioned herein shall remain as now fixed.

Section 10. That it shall be unlawful to hunt, take, kill or wound, or attempt to hunt, take, kill or wound any game birds, game or fur-bearing animals except as herein prescribed and within the periods herein named; and

Section 11. That nothing herein contained shall be construed as amending or repealing any regulation of this Commission not in conflict with the provisions herein.

Section 12. That this regulation shall be in force and effect from and after July 1, 1940.

Newest Type of Road Intersection

MODERN ENGINEERING SKILL is constantly introducing new safety features on the highway. Road intersections were once points of danger, especially where main arteries of traffic crossed, but as the modernization program of the State Highway Department progresses, these points of danger are disappearing. Where conditions permit, road intersections are being replaced by the modern design of the word. Such a point is that shown above, where US 61 passes over US 82 in the Central District near Leland.

"REBECCA" TRIUMPH
OF DRAMA-ROMANCE
A. & G. THEATER

Thrilling Love Story And
Chilling Mystery Un-
reeled in 'Rebecca'

Based on the popular, best-sell-
ing Daphne du Maurier novel, Day-
id O. Selznick's production of "Re-
becca," which opens at the A. & G.
Theater, Sunday for three days, thru
United Artists release, was filmed
with a cast whose list of stars reads
like a screen Blue Book.

Laurence Olivier and Joan Fon-
taine appear in the principal starring
roles, while the featured cast in-
cludes Reginald Denny, Judith An-
derson, George Sanders, C. Aubrey
Smith, Gladys Cooper, Florence
Bates and Nigel Bruce, Alfred Hitch-
cock, who previously staged suc-
cesses as "The Lady Vanishes" and
"The 39 Steps," directed "Re-
becca" from the screen-play written
by Robert E. Sherwood and Joan
Harrison.

Under the direction of Lyle
Wheler, art director at Selznick In-
ternational, forty different sets rep-
resenting the picturesque back-
grounds of the story were constructed
for the film. Among the un-
usual settings are London streets, old
taverns, a coroner's office and a
gloomy boathouse facing a wind-
swept bay on the coast of Cornwall.

The largest set, depicting the Tudor
estate known as Manderley, was
built two stories high on a plot of
ground which measured 100 by 125
feet. All sets were first built in
miniature from the descriptions of
locales and buildings written by Miss
du Maurier herself in her novel. They
were later erected in full size by
three hundred studio workmen.

When finally completed, Manderley
was a complete home—containing a
drawing room, library, dining room,
foyer and two upper story wings.
To insure further authenticity in
the production, Producer Selznick
had photographs of scenes and char-
acters in the small towns of Corn-
wall, where the action of "Rebecca"
takes place, made in England and
shipped to California. Thus the ac-
tion as well as the costumes, cen-
tering around Olivier and Joan Fon-
taine in the leading roles, is entire-
ly accurate. As for the real thing
in mystery and eerie atmosphere,
they were furnished with all their
full implications by Mr. Hitchcock,
known all over the globe as a mas-
ter of horror stories.

Waveland Activities

Personal and General News Notes of the Week From Sister City and Vicinity.

MRS. T. M. Logan is enjoying a week's vacation here.

Mr. and Mrs. W. C. Marrero motored from New Orleans to visit relatives here.

On Tuesday evening a meeting of parishioners of St. Claire's church was held in the rectory. This meeting was called to appoint the various committees and to select the persons who would be in charge of the concessions, refreshment and sandwich booths at the annual church fair to be given on the spacious grounds of St. Claire's church at an early date.

Novena to Our Lady of Perpetual Help is recited at St. Claire's church every Tuesday evening at 7:30 during the summer and the attendance during this week was commendable, but should have been larger considering the number of Catholics in Waveland.

SEA SCOUTS ENJOY SHIPWRECK DANCE LAST SATURDAY

On Saturday evening, the Sea Scouts, of which Robert L. Camors is skipper, entertained at a Shipwreck dance on the spacious upstairs porch of the home of Mrs. Walter J. Gex, Sr., on S. Beach Boulevard when members of the troop, Mariners and several guests enjoyed a delightful evening with several entertaining and amusing games and dancing.

The porch had been transformed into a desert island with coconut palms and tropical fruit trees growing and the young people attending the dance were attired to represent sea-faring people who had been marooned on a desert island.

Prizes were awarded for the most typical ship-wrecked refugee and first prize for the girls was won by Miss Jerry Karst of Pass Christian and second place by Miss Lucy Weston, while C. C. McDonald won first prize among the boys and Jack Baxter second.

Guests at the dance were Miss Jane Potts of New Orleans, Jerry Karst of Pass Christian, Beverly Wogan of Houston, Texas, and Katherine Pierce of Ohio, and Dan Lehon, Gary Sutherland and Gilbert Sheen.

Mariners and Sea Scouts attending the dance were Carrie Lynn Nolan, Frances Speer, Aubrey Toca, Martha Chapman, Lucy Weston and Charles Kergosien, James Bryan, Elliot Coward, Paul Lacoste, Julius Rolf, Tut Martin, C. D. Hancock, Jack Baxter, Milton J. Phillips, Jack Weston and Hugh Kiefer, Kenneth Bourgeois, Mark Solomon, Donald Nelson, Walter James Phillips.

Second Mate Ogden Kergosien and Mrs. Kergosien assisted Skipper Camors in entertaining the young people, and music for dancing was provided by record recorder, while refreshments were served throughout the evening, and dancing enjoyed until a late hour.

GARDEN CLUB HOST AT THE PIRATE HOME TO NEWSPAPER FOLK

Mrs. Edmond Harry Singreen's beautiful beach villa, known as the "Pirate House," was the scene Wednesday afternoon of entertainment to lady members attending the convention of national want ad. division of newspapers, at the Buena Vista hotel, in Biloxi.

The ladies were accompanied by Mrs. Davis, hostess of the hotel. The visit was under auspices of the Bay-Waveland Garden Club, with Mrs. Singreen as honorary hostess, owner of this show place of the Gulf Coast, noted for its structure of antebellum days and its furnishings of rare antiques.

In the dungeon a long table was set with canapés, sandwiches of unusual designs and appearances, and delicious beyond expression. Punch added to the spread of refreshment.

The ladies expressed delight and general satisfaction at their visit and it is safe to say will not forget it, which the Garden Club had planned and so well executed. Guests were from parts of the United States and from as far as Toronto, Canada.

YOUNG PEOPLE'S PARTY IN COMPLIMENT TO MISS ANN WESTON

Mrs. Minna W. Briggs entertained a number of the young friends of her granddaughter, Miss Ann Weston, daughter of the Harold Westons, at a swimming party on the Weston pier on last Monday afternoon, with refreshments served afterwards.

Those enjoying the party besides Ann were Ruth Gray, Virginia Seal, Ann Smith, Pat and Jean Robin, Beverly Davis, Deborah Carroll and Eddie Porter, Fred and James McDonald, Gaines Kergosien, Donald Arceneaux, Buddy Kirkpatrick and Roger Boh.

OFF TO CALIFORNIA TO ATTEND BETA THETA FRAT CONVENTION

Mr. John W. Bryan, Jr., of Bay St. Louis, was a member of the party that left New Orleans by train a few days ago for California, to attend national convention of Beta Theta Fraternity, to be held at Del Monte, with headquarters at the famous Del Monte hotel. Other members representing the Tulane Chapter and accompanying Mr. Bryan on this trip included Messrs. Robert Lathrop, James Reed, James Erving. Before returning home the party will visit Los Angeles and the exposition at San Francisco.

—Recently returning with his parents from visit to relatives in Washington, Mr. Alden Mauffray took a side-trip to New York City while at the capital and visited the World's Fair. He motored from Washington to New York city and speaks of a visit, which tallies with visitors' opinion and general expressions of last summer. In fact, the Fair has been improved over last summer.

—Mr. and Mrs. P. J. Boudin left the latter part of last week for an overland journey to Texas and with Hot Springs as the ultimate object of their journey. En route they stopped at Houston and journeyed out to the direction of the Gulf spending a day at Galveston, where they bathed in the surf. They are at Hot Springs with their party taking the famous medicinal baths. They will remain for an indefinite period.

On Friday, June 21st a large number of the music-loving public enjoyed a musical treat on the organ and vocal recital given at Christ Episcopal Church with Mr. Laville Bremer, organist, and Mrs. Dorothy Forshee of New Orleans and Mr. and Mrs. Kenneth Thompson rendering the vocal selections.

All of the above persons, excellent musicians, rendered a program which was excellent in its selection for the occasion and immensely enjoyed.

THANKING LADIES AND GENTLEMEN WHO MADE DINNER FEAST POSSIBLE

Dinner tendered the nuns of St. Joseph on Thursday of last week, which was sponsored by Mrs. Elizabeth Becker and other ladies, following a week's vacation, was a most enjoyable and lovely affair and is still a subject of happy discussion. The ladies in charge wish to thank the ladies and gentlemen of the community who provided the funds by outright donations of cash and made this memorable feast and deserved compliment to the good sisters possible.

Mr. and Mrs. Chas. G. Moreau entertained at a pre-nuptial dinner Sunday at their home on Carroll avenue, in compliment to Mr. Wm. G. Young and Miss Maxine Sherman, who are to be wedded in New Orleans Wednesday, July 3rd, with a reception to follow at the home of the bride's parents, Mr. and Mrs. W. B. Sherman at the new family residence in Bellaire Drive. The dinner, eighteen covers, was attended by the bride party. The favors were dolls dressed as brides maids for the ladies and groomsmen for the gentlemen.

BAY HIGH SCHOOL BAND TO BEGIN SUMMER CONCERTS

The Bay High Band announces their first summer concert to be given in the City Park, Thursday evening, June 27, at 7:45 p. m.

These concerts are for the entertainment of the public, and it is hoped all the seven concerts given in the city park throughout the summer will be well attended. From time to time there will be special selections by the band members, and special drum major exhibition.

These features proved very interesting last summer. The public will find seats in the park or perhaps will enjoy sitting in cars near by. The band will not be quite as large through the summer as it is during the winter, due to members out of town on vacation from time to time, however, will have a balanced ensemble for each concert each Thursday night.

All concerts are open-air and free. Public invited to come and hear the band. Your presence will be appreciated.
